## FATE OF HAWAII FLIGHT FLAGPLANE MYSTERY

### PB-1 ATTEMPT TO LEAP SEAS POSTPONED ON STORM REPORT

Weather Conditions Unfavorable  
1200 Miles Out, But Fear  
Still to Be TriedFLYERS, SUBS AIDING SEARCH  
Naval Chiefs Alarmed as Hours  
Pass Without Word of  
Missing Craft

(By Universal Service)

SAN FRANCISCO, Sept. 2.—With the gloom of dusk dimming the Pacific tonight, airplanes, submarines and destroyers were still searching for the PN-9 No. 1. More than 24 hours have passed since the flagship, low in fuel, passed the U. S. S. Aroostook, the guard ship at the 1800 mile mark, to fight its way through the gathering storm to the next guard ship, the U. S. S. Tanager, the next craft in the line of flight.

All last night and today navy crafts made frantic efforts to make some contact with Commander John S. Rodgers' giant seaplane. Always the same discouraging reports were sent back: "The PN-9 No. 1 has not been sighted; we are continuing the search."

As the hours passed naval officials were becoming more alarmed. They admit the seriousness of the situation, yet all hope for the safety of the flyers.

In reviewing the situation it was pointed out that the navy seaplanes making the 1800-mile trip from Newfoundland to the Azores, several years ago were absent three days, yet managed to reach their destination under their own power. This is considered a good omen.

On the other hand, the other side of the situation is to be considered. Speeding toward its goal, the flagplane encountered heavy seas fraught with danger. Eventually it was forced to descend because of lack of fuel, and without fuel the plane would be subject to severe buffeting.

#### Not To Hop

SAN FRANCISCO, Sept. 2.—The flight of the PB-1, scheduled for 2 o'clock tomorrow afternoon, has been definitely postponed, according to an announcement made by Flight Project Commander Stanford Moses, here at 4:15 p. m. today.

The weather bureau has just informed navy officials that weather conditions as far out as 1200 miles would be most unfavorable for the flight, Moses said.

Moses said that the flight was not called off, but merely postponed. It will take place when weather conditions permit.

A regular meeting will be held by the Pullman Parent-Teacher Association this afternoon at 2 o'clock in the school building.

The Scots, it was announced last night, may substitute a benefit show at a later date for the dance they had planned.

### BLOODSTAINED PILE OF ROCKS NEAR SWAMP, BITS OF LETTER, DOCTORS' CARDS FORM CLUES

BESSIE FERGUSON'S HANDWRITING AND MAN'S ON FRAGMENTS  
OF PAPER; SHERIFF VALE TAKES CHARGE,  
BARNET TELLS HOTEL VISIT

A bloodstained heap of rocks a quarter of a mile from the tule marsh on the outskirts of Richmond where fragments of the body of Bessie Ferguson were found marks the scene of her murder.

A letter torn to bits may dispell the mystery surrounding the slayer's motive.

These were conclusions reached by Contra Costa county investigators last night as the result of discoveries that may end with solution of the sensational death case.

Around great smears of dried blood on the rocks were the scraps of personal stationery bearing a man's hand writing and penciled notes identified as those of the murder victim by her mother, Mrs. W. T. Ferguson of Oakland. With them were found the torn pieces of calling cards of Dr. J. J. Moyer, Oakland physician, and Dr. Loran Pease, Oakland dentist, both of whom have been previously mentioned in the case. That the evidence might have been "planted" by enemies of these men was the warning of Assistant District Attorney James B. Hoey.

#### PROVE MEN GAVE MONEY.

The notes in Bessie Ferguson's hand-writing tended to prove statements of her mother that the slain nurse had for years been collecting money from various men for the support of fictitious children. Each of the men believed himself to be the father of a child of which the nurse was the mother. Mrs. Ferguson declared Bessie had never had a child.

A statement was issued yesterday by Sheriff Barnett of Alameda county that he had visited the Antlers hotel, San Francisco, to search for Bessie Ferguson after her disappearance was reported but that he had not seen the woman for several months.

#### SHERIFF VALE ACTS.

Discovery of the blood-stained rock heap, with the fragmentary notes beside it, was made in the afternoon by Sheriff R. R. Vale of Contra Costa county, now in active charge of the investigation. Under-sheriff W. M. Neale, and Deputies Ralph Harrison and J. M. Joseph.

The letter was being peeped together by E. O. Heinrich, Berkeley collector, last night. The letter had been addressed "Dearest", contained

the word "job" and at one juncture said "I won't admit—". Several capital letters indicated the letter might be signed with initials.

Two men, previously unconnected with the case, were being sought last night, following the discovery of other documentary evidence near the rock pile. The authorities were withholding the names pending further investigation.

In handwriting declared to be Bessie Ferguson's on the back of Dr. Moyer's card were found the following notations:

June 2 ..... \$50  
June 2 ..... 40  
May 26 ..... 37  
May 30 ..... 33

Another scrap of paper was found, with the note, "Dee, \$25. Dee, \$25."

A receipts for payment of the premium of a Metropolitan Life Insurance Company policy, No. 1147922A was also found, with a penciled notation on the back of a check stub that the payment had been made August 7.

A San Francisco telephone number, on the back of another card, gave (Continued on Page Four)

### Inn Safe Robbed, \$178 Coin Taken

MARTINEZ, Sept. 2.—Yeggmie early this morning pried open the safe of Clyde Inn and escaped with \$178 in coin and currency and seven checks of small and varying amounts according to a report made to the sheriff's office this afternoon by C. J. Berney, proprietor of the establishment.

Berney reported that he did not discover the burglary until shortly before noon and is unable to fix the time of its perpetration. The outer door of the safe had been left open, Berney reported, and the thieves had drilled four holes through the inner plate, later abandoning this method of operation to pry the door open with a bar.

Deputy Sheriff J. W. Snulley has been assigned to the case.

### 14-Year-Old Wife Is Freed by Court

Efforts of the parents of Mrs. Virginia Jarmilo, formerly Virginia Parsons, to separate the fourteen-year-old girl from her husband, Raimundo Jarmilo, were blocked yesterday when Superior Judge A. B. McKenzie dismissed the petition which called upon the court to declare the girl incorrigible and to place her under jurisdiction of the probation officer. Following her release from custody the girl returned to her husband here.

## The River

FROM the Great Lakes to the Gulf, America's greatest river flows majestically. Through the heart of the country it takes its course, broadening and deepening as lesser rivers empty their flow into its current. Farms and cities on its banks find it a source of industry and a means of supply.

Through the country runs another river, as continuous as the Mississippi in its flow. It is the river of thought which, day and night, moves through the land and vitalizes the national life. Its source lies in the people's knowledge that communication with all parts of the country is possible. It is a stream that deepens and broadens and grows stronger as thought is added to thought, as the mind of one community joins the mind of another.

America's national telephone system is a channel for this river, for Bell System service unites all sections of the country. It leaves no gap in the pathway of communication. It knows no off-duty hours, nor any corner of the nation that is too remote to be reached.

## FLYWEIGHT CONTENDERS TO APPEAR BEFORE CHAMPION

FIDEL LABARBA WILL BE IN SAN FRANCISCO TO STUDY STYLE OF WORKERS AFTER HIS CROWN; ALL FIGHTERS FOR LABOR DAY NEARING TIP-TOE SHAPE

SAN FRANCISCO, Sept. 2.—Three world champions are going to be seen at the big Diamond Jubilee Boxing Carnival Monday afternoon at Recreation Park. Two of these—Jack Dempsey and Mike Ballerino, world's junior lightweight king—will be fighting. The other title holder, Fidel Labarba, world's flyweight champion, will be just as busy, though, when Clever Sencio and Mickey Gill enter the ring for he's coming up from Los Angeles to study this clever pair, who are the most discussed contenders for Labarba's new crown.

And Fidel will not be the only interested spectator, for since Sencio's arrival from the Philippines and his sensational workouts, the scrap between the clever little mites has become one of the most talked of on the card.

Sencio, wonderful fighter, was sent from the Philippines to seek the late Pancho Villa's title—now held by Labarba. He comes as the Oriental fly and bantam champion, and has made a tremendous impression in his workouts. Thousands of Filipinos are coming in from Vallejo, from Stockton, Salinas and elsewhere for the

show, especially to cheer their clerk countryman.

But Sencio's only half of this bout—and gentlemanly little Mickey Gill has just as large a following, and is also making friends by the ability he is showing in workouts. Mickey takes on Sencio, as his former school-mate, Jimmy McLarnin took on Villa. Mickey looks for the same sort of an ending for the fight, with more action throughout the scrap.

Gill is a past master in the art of defense and offense as practiced by the British school of boxing. He holds a decision over Jimmy McLarnin from their Vancouver days, which shows he's no slouch with the gloves. Since coming to the States, Mickey has added to his bag of tricks by developing his punching power, and altogether, he presents a nifty combination of brains, shiftiness, courage, quickness and adroitness—just the sort of a boy to be pitted against the super-speedy Filipino who hurls gloves incessantly from every angle. It looks like a mighty exciting bout for the Jubilee Show fans—as well as a highly interesting one for young Mr. Labarba.

## Vie For Flyweight Title Labor Day

An Irish lad defeated Pancho Villa this summer. Another Irish lad will try to do the same for Clever Sencio (below) Oriental fly and bantam title, just arrived in America to win the world's flyweight title back for the Philippines. Sencio is rated the foremost exponent of the whirlwind Filipino style, and a hard man to beat. But Mickey Gill (above) little Irish lad referred to above, is eager to tackle Sencio in their bout at the Diamond Jubilee Boxing carnival in San Francisco Labor Day.

## FINAL CONTESTS TO DECIDE TIES ARRANGED; PLAY OFF ON SEPT. 12

Officials of the Standard Oil Twilight league have reached a decision to play off the remaining games for the championship on Saturday afternoon. Howard French, president announced last night.

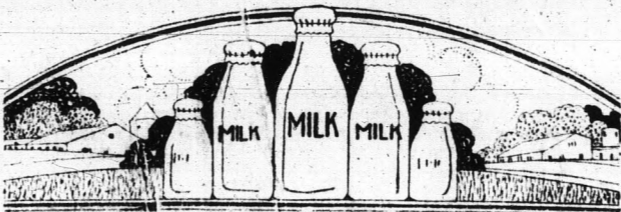

The Barrel House and Refinery are proving a stumbling block for the All Standards. Just when the latter team was getting confident of having no difficulty at all in winning the league the Barrel House and Refinery staged a remarkable rally and together they are tied for second place, with either team having a chance to cop the pennant.

The two teams have three tie games to play off. At the rate they have been going lately they will be all winter playing off these games. With the approach of fall the days are getting shorter so it is hard for the players to see the flashing apple during the early dusk. Consequently the change to Saturday afternoon at 2 o'clock.

The first of the Refinery-Barrel House tie games will be played off on the afternoon of Saturday, September 12, French announced.

## Where It Started

**THE CREAM SEPARATOR**  
The centrifugal cream separator was invented by DeLaval, a Swede, in 1880. The invention, simple though it was, revolutionized the dairy industry and made it a great factor in national existence instead of, as formerly, merely a group of isolated farms using hand labor.

## Some Difference

Ever hear of the difference between a "farmer" and an "agriculturist"? They say a farmer is a man who makes his money on a farm and spends it in town, while an agriculturist makes his money in town and spends it on a farm.

This may be true—and it may not, but OUR business is banking, and we try to have an up-to-date banking service for farmers, agriculturists, merchants, stockmen and everybody in the community. The more our business grows, the better the service we have to offer.

## GRID SEASON TO COME IN ON SATURDAY

UNIVERSITY OF CALIFORNIA, Sept. 2.—The spirit of football is once more evident on the University of California campus, as inter-class football teams hold nightly practice on Hilgard field, under the direction of Varsity football men.

The Seniors and Sophomores are scheduled to play the leading roles in the first game of the series in the Stadium Saturday afternoon. Coach Talma "Tut" Inlay, varsity captain and coach of the Sophomores, has a likely looking bunch of players working under his guidance, and has a well-balanced team running through signals.

The class of '28 has shown considerably more class than the seniors in recent workouts. The freshman gridmen, although not allowed to practice until September 15, have been holding gym classes for the purpose of improving their wind and loosening up their muscles. A large number of former high school stars are among the applicants, so Coach Clint Evans should have little trouble in forming a strong eleven.

The junior class will play the winner of the freshman-senior contest one week from Saturday.

## Firemen to March As 'Ad' for Dance

Richmond Firemen will parade on Friday night at 7 o'clock starting at Sixteenth and Macdonald Ave. to call attention of the public to the dance at East Shore Park Saturday night. All off duty firemen will participate, headed by Dick Millicovich.

## Rank Outsider Is Walk-Away Winner

BELMONT PARK, Sept. 2.—Pepp, four year old gelding of George W. Loft and an outsider in the field of seven starters, won the Manhattan handicap for all ages at one mile. In today's opening of the fall race meeting at Belmont track. The log-cabin stud's Blind Play was second and Cherry Pie third.

## BABE RUTH IS SORRY FOR HIS POOR CONDUCT

NEW YORK, Sept. 2.—A penitent Babe Ruth today entered upon his fifth day of probation to win the forgiveness of Miller Huggins, whom he criticized freely in Chicago, under the sting of indefinite suspension and a \$5000 fine for violation of training rules.

After a day of olive branch waving, during which he said to Jacob Ruppert, owner of the Yankees, "I made a fool of myself," the king of home run hitters today awaited acceptance of his overtures of peace tendered to Huggins.

Saying that under no consideration, would Ruth's fine of \$5000 be rescinded, Huggins added:

"I will reinstate Ruth when I am convinced he intends to do the right thing."

The Babe tried to talk with Huggins, but the latter said he would telephone when ready to hear him.

Mrs. Ruth tearfully accepted her husband's assurance that there was no truth in reports about him involving other women.

Two French aviators in 2734-mile flight in Paris were in the air 45 hours and 12 minutes. Record broken for continuous flight.

## GRID COACHES NAMED TIMERS FOR AUTO RACE

Five of the most noted sportsmen on the Pacific Coast will hold the watches on the speed marvels at the Diamond Jubilee auto race meeting at Tanforan Sunday afternoon.

Andy Smith and Walter Christie of U. C., Pop Warner and Harry Maloney of Stanford and Slip Madigan of St. Mary's have been named official timers by the A. A. A. which has given sanction to the meeting.

Barney Oldfield will be the official starter and Dan H. Lafferty, a director of the California Automobile Association, will represent the contest board of the A. A. A. In addition, Oldfield will return to the pilot's seat to meet an old-time rival, Cliff Durant, in a match race of five miles.

## Elks Tourney Is Big Attraction

The incomplete list of entries is: J. H. Wells, Martinez; Dr. E. B. Fitzpatrick, Martinez; L. R. Vaughan, J. M. Soares, J. A. Rumsey, S. B. Merry, H. W. Mergenthal, B. B. Martin, W. Joost, Dr. A. B. ## New Record For Fight Receipts Made in August

SACRAMENTO, Sept. 2.—Breaking all previous monthly records, collection of the State Athletic Commission during August totaled \$15,005.36 according to the report of Secretary Walter A. Yarwood filed today with State Controller Ray L. Riley.

The State's share of 5 per cent in gate receipts at boxing and wrestling contests aggregated \$12,820.56, Yarwood said. Fees collected for licenses issued during the month were as follows: Clubs, \$455; referees, \$125; managers, \$6600; boxers, \$700; seconds, \$200; trainers, \$5; physicians, \$15; timekeepers, \$5; wrestlers, \$90.

## MINER OPENS GRID SEASON

With all the confidence in the world of victory, Coach Denny Miner has thrown his unlimited eleven of Roosevelt Junior high school against the 130 pounders under the tutelage of Coach Ivan Hill, of the Union high school, this afternoon at 4 o'clock.

This will mark the season's opening for both teams. The teams are about even in that Hill will have the advantage of a little weight, while Miner will be benefited by a little more experience.

All of Hill's gridgers have played football before, but they were Miner's men at the time. They are therefore not very used to Ivan's style. At the same time the weight of the 130's will count a lot, the men not being too heavy to have piles of speed.

Miner announced the tentative line-up for today as follows: Prazler or Rountree, center; Dunleavy and Ghionetti, guards; Mariola and Bliss, tackles; Dolan and LeVeque, ends; Baldwin, full; Williams and Scarsella, halves; Bumgarner, quarterback; Ramey, McAllister, Jogard, and Stender, substitutes.

Williams has been appointed captain, but only temporarily. Miner stated that there would be no elected captain, as the men seem to be better satisfied with no definite captain.

## NEVERS IS HOPE OF STANFORD IN FOOTBALL TEAM

The success of the Stanford football team this season depends a great deal on one man. Probably the first name that naturally comes into a person's mind on reading such a statement is "Pop" Warner, and justly so for the success of any team usually, if not always, depends upon the coach. Excluding "Pop" Warner, however, the success of the Cardinal team depends very much on one big, good looking blond down at Palo Alto, and this boy is none other than Ernie Nevers. If the big boy's ankles hold up this season he will have the greatest year of his career.

Nevers is a hard luck boy. He has been unfortunate enough to be injured so badly that he could hardly run, much less play football.

Before Ernie cracked his ankles he was a wonderful fullback. He could crack the line and make yards nearly every time he took the ball and he was dynamite when it came to backing up the line. As a punter the big blond spun a mean spiral even if he did take three steps to do it. Many spectators thought Nevers to be one of the greatest fullbacks in the country and he probably was. Then Ernie cracked his ankles and naturally enough he wasn't able to do his stuff the way he originally did. The general public hopped all over him and he immediately became a bum in many people's estimation for no reason at all.

## NO. COMPANY'S NOT COMING

If you drop a dish cloth, company won't come, save as a matter of coincidence. Popular superstitions like this are losing ground; so is the superstition that there is something mysteriously better about "eastern" motor lubricants, merely because they cost more and are made in the east.

## The Right Way to Judge Motor Oils

More than ever, motorists are discovering that the test of an oil is not where but how it is made, and how it lubricates. That's why Zerolene—refined from selected western naphthenic base crudes—is today successfully lubricating more cars in the Pacific Coast states than any other oil made.

## An Exclusive Process—What it Does

Lubricating qualities have never been more carefully or successfully preserved than by the processes used at Standard Oil Company refineries for the refining of Zerolene—the Zerolene high-vacuum process, the Zerolene process of filtration through 40 tons of Florida Fuller's Earth, the refineries' 15 positive checks for quality!

## What Zerolene Will Do For Your Car

Zerolene will give your car better lubrication: it increases the gasoline mileage, reduces carbon-removal and maintenance costs and lengthens the life of any engine in which it is used. Why pay tribute to a superstition? Insist on Zerolene. Always ask for Zerolene by name.

## Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene motor oil has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

Insist on Zerolene—even if it does cost less

### PARTY LOYALTY, PLEA OF SEN. DENEEN

A plea for party loyalty and defense of our party system of government was made in an interview given recently in Boston by Chas. S. Deneen, the new United States senator from Illinois. Senator Deneen also urged republicans to prepare for a strenuous campaign next year, pointing out the fact that there are twenty-four outgoing republican senators, most of whom face a hard fight, and only seven out-going democrats, all from the solid south.

Touching on the question of party spirit Senator Deneen said: "There has been a tendency throughout the country of late to depreciate party loyalty. Our system of political parties is not the result of chance, but arises out of the fundamental needs of representative government.

"Popular government cannot function effectively and reflect the will of the people without some means of securing responsibility on the part of those who govern to those who are governed. It is in response to this need that political parties exist. A political party is a permanent organization, built upon certain moral and political principles and is directly responsible to the people whom it represents and whose will has created it.

"A successful political party cannot be the agency of any particular class or of any single leader. It cannot be built around a single man or a single issue. It must be founded upon general principles and hold fast to fundamental tenets if it is to survive and to be of service to the nation.

"Such a party is the republican party. It was found to save the union and the constitution. It has stood for equal rights and equal opportunities. It has adhered to economic principles in the development of the country. It has stood for honest money and for the payment of honest debts. It has stood for the American standard of living. It has followed the traditions of the nation in its relations with other nations. And under the leadership of President Coolidge it is keeping faith with its great past and solving the problems of the present in harmony with its great traditions.

## Assessors Seek to Shift Auto Tax Collection

Assessors of the state practically agreed at their convention in San Diego, just closed, to seek adoption of a constitutional amendment imposing upon the state motor vehicle department the duty of collecting all automobile taxes. This word was brought back from the convention today by Assessor George O. Meese.

The assessors express belief that many persons who evade payments of county taxes on their automobiles by moving and failure to report would materially add to the tax totals of counties if collections were applied for. The money thus collected could then be turned over to the counties by the state department.

## THE LIMITED MAIL

Copyright, 1923, Warner Bros.  
"THE LIMITED MAIL" with Monte Blue, is a pictureization of this story by Warner Bros. Pictures, Inc.

**SYNOPSIS**  
Bob Wilson, freight engineer, Jim Fowler, mail clerk, and Caroline Dale are attending little Bob Fowler's birthday party when a boy arrives with an order for Wilson to take out the Limited that night. This has been Bob's ambition and he is elated. Little Bob begs to be allowed to make the trip also and Jim agrees to take him in the mail car. Caroline invites Jane Grey, a girl who had arrived at the party unexpectedly, to pass the night with her.

The last cross-track of the Yards was behind now, only a clear and long right of way ahead. Bob pulled the big throttle—it was fitting that a giant engine should have a giant throttle—wide open gradually, giving the Limited a full head of steam that presently sent it pounding on the straightaway at better than fifty. The grade up toward Eagle Pass would begin soon; he must make time now, while he could, for it would never do to smudge his reputation, which had won this assignment for him, by dropping behind schedule on his section of the run. And Bob knew, as every engineer knows, that it is a constant and vigilant fight to keep within scheduled time on a long and difficult run such as this, over the mountains.

There was something soothing in the smooth exuberance, in the bellying vigor, of the Limited; and Bob, leaning on his tight elbow out of the cab window as he watched the right-of-way lights that rushed at him out of the night like green snowflakes in a streaking blizzard, was lulled into more placid reflections than he had expected would be his lot for many a weary day. After all, it was not fair for him to decide whether Caroline should have Jim or him, or either; he had reason to believe that Caroline cared for him, so the honest thing was to go through with his plan of telling her the whole truth at the earliest possible moment—including, the truth about Jane, who and what Jane was to him, and what his plans were for unshackling the hold she had on him. Then Caroline could make her own decision, and there would be no hard feelings—on his part, at least, even if he lost out, he assured himself; for there was one thing he never would lose, come what may, and that was the inspiration of merely knowing such a fine and splendid person as Caroline.

Bye and bye, as he urged the roaring iron meter of the rails on its flight, the intensity of Bob's reflections upon his personal fortunes mingled so closely with the routine thoughts necessary for the dutiful operation of his engine that slowly and insensibly fell into a reverie of such depth and intensity that it was akin to self-hypnotism. Seeing the green tower light of Rise Ravine Junction station—the last station until the hard score or more miles of single track to the summit of Eagle Pass was negotiated—some little distance ahead of him, Bob was minded to look at his watch; no more to see the time and ascertain how closely he was running keeping to schedule than to feast his eyes upon the small snapshot of Caroline that he had carried in his watchcase since he begged it from her, several days ago.

At this very moment in the Rise Ravine Junction station the telegraph operator was snapped out of a drowsy interest in a satisfying novel by a brass alarm that began to come in over his clicking instrument from his neighbor at the Summit Station, many miles above. Freight . . . parted . . . taking . . . siding . . . last . . . half . . . running . . . away . . . back-wards . . . downgrade . . . flag . . . and . . . sidetrack . . . Limited . . . at . . . Rise . . . Ravine.

The eerie whistle of the Limited split the lonely air. It was on the last half-mile straightaway approach to the station, and making top speed. The station agent kicked over his chair in his eagerness as he leaped for the signal tower lever. Bob, still holding the watch in his hand, had looked out before sounding his warning of approach to the Rise Ravine station; the light in the signal tower shone green, and on the way up the steep ascent to keep his eyes on the tracks and lights until well past the Ravine, and on the way up the steep ascent to the Pass, but as he relaxed his hold on the whistle cord the watch, which he had palmed in that hand, slipped out of it to the floor of the cab. Bob withdrew his head into the cab and leaned down to recover the watch at the selfsame instant that the frantic operator in the station threw the signal tower light from green to red.

## ABE, MAWRUSS AT RICHMOND THEATER

Because of the depression in the cloak and suit business in New York one of the most famous firms has closed its doors temporarily. It is none other than Potash and Perlmutter. These famous partners, heroes of five different stage plays and a score of short stories, have become movie magnates, and their adventures in that field are the subject of the new Samuel Goldwyn production, 'In Hollywood with Potash and Perlmutter' which is the current First National picture at the Richmond theatre.

Other features on the same program include 'Wide Awake' a Lige Conley comedy; 'Prizma' a screen magazine.

## ALICE TERRY IN 'ANY WOMAN' DRAMA

One of the most interesting of the new photoplays to be shown is Paramount's society drama, 'Any Woman,' which comes to the screen of the California theatre for today only.

This screen play not only boasts the authorship of Arthur Somers Roche, one of America's most gifted writers of fiction, but the direction of Henry King, and the attractive personality of Alice Terry—three factors that make it well worth seeing.

Another strong point in the picture's favor is the unusual array of talent that Director King has assembled to support the stately Miss Terry. Ernest Gillen, a new film 'discovery' has the leading male role. He is a young Latin player able and good-looking, for whom Mr. King bespeaks a brilliant future. Thelma Morgan, the well-known society beauty, has an important part in the film, and the others in the supporting cast include Henry Kolker, Lawson Butts, James Neil, Arthur Hoyt and Margarita Fisher.

One of the novel and thrilling features incorporated in the production is 'the treasure hunt,' the latest fad of the smart social set. This unique game has never before been pictured on the screen and is guaranteed to make the most blasé filmgoers sit up and take notice.

## WESLEY BARRY ON CHURCH SCREEN

With the flag of the first scene of 'The Printer's Devil,' which will be shown at the Wesley Methodist church, Friday evening, September 4, one can easily see that here is something really refreshing—something different from the ordinary run of pictures.

It is one of those time-honored stories that we all love to see—one that reminds us of youth and care-free days and brings back happy memories.

The story tells how this boy befriends Sidney Fletcher, who was robbed on the outskirts of the town, Briggsville. Sidney later buys the Briggsville Gazette in order to stay in the town permanently, as he has fallen in love with Vivian Gates, the daughter of the local banker. Young 'Brick' then sets about to further the romance, and he does it with a vengeance.

Wesley Barry is ably supported by

## A Message to the Public

# Richmond's Ambitions

Richmond wants more population, more industry, more capital, more trade, more prosperity.

*And the unfailing formula for accomplishing these ambitions is to make Richmond attractive --- then, keep it so. There is plenty of room in our town for citizens of the right sort. They will come, if Richmond broadcasts an inviting message beyond the borders of this community.*

*For years, country populations have gone cityward. But the peak has been reached. The tide has turned. City folks are flocking out to the small and medium-sized towns --- where they find more joy in living.*

*Richmond can reap its share of this vast number of home seekers. But ambitions have got to be backed up by performance. We must be receptive to the coming of good citizens. We must stimulate pride and patriotism within the community. We must make certain that we can provide all the essentials that make for moral and physical well-being of all who would come among us.*

*Good government, thriving industries, good schools and churches, pure water, clean streets, better roads, opportunities for the rising generation, a progressive community spirit and true cooperation --- all make for a splendid inducement to folks looking for a real home town.*

*Let each one do his part toward making Richmond a better place to live in and then --- spread the good word to every corner of the globe.*

## Bloodstained Rocks Near Swamp, Bits Of Letter, Cards Form New Clues

(Continued from Page 1)

The investigators another definite clue to the movements of the "mystery woman" as late as 11:45 on the night of her departure from the Antlers hotel, Wednesday, August 19.

Check of the telephone number showed it listed to the Rockwell apartments, 765 O'Farrell street, Mrs. Roy Dyer, landlady, told the authorities that Bessie Ferguson came there on Tuesday, August 18, and looked at an apartment. She said she was an expectant mother, according to Mrs. Dyer's story, and wanted an apartment near to her doctor.

On Wednesday night, August 19, at 11:45, she telephoned Mr. Dyer and confirmed her selection of the apartment.

"I can't take it right away because I am going out of town on a little trip," she said over the phone, "but I will send you a check."

That was the last Mrs. Dyer heard from her.

Deputy Sheriff Joseph Soares was placed on the case by Sheriff Barnett. He reported to his superior that he was having a difficult time in being allowed to get at the facts.

Report that screams of a woman were heard on the night of Thursday, August 20, the day after the woman's disappearance, by attendants in a hospital on the Oakland-Martinez highway caused authorities to turn again to investigation of a drinking party in a Martinez roadhouse at which Oakland police and Contra Costa officials are said to have been present. One of the women at the party is said to have resembled the murdered woman.

### OUR PROUD REPUTATION

That the Purity Creamery of Richmond is one of the best conducted and most sanitary plants in the state was the opinion of speakers who sponsored the new milk ordinance before the city council at its meeting this week.

Dr. Blake and others spoke in high terms about the local creamery which is said to have passed all state inspections with high scores under the pure food act. It has always merited the very best reports, it was said.

WHEN a girl looks fresh and sweet one often speaks of her "milk white" skin. Such skins are the result of drinking plenty of delicious, pure milk—and such milk is delivered in daily increasing quantities by us.
